## Looking back over 2013...

This has been a busy year for us. In November 2012 we took some of our directors and advisors on a trip to Cambodia and Thailand. We partnered with two new orphanages...the Center of Peace in Phnom Penh, Cambodia and Give Kids Hope in Northern Thailand, near the Burma border. This was a very important trip for us and we all sensed a great peace about getting involved with these two new homes.

Sanya, China

### March 2013

We took a team of 10 to work in the Bright Connection orphanage in Sanya, China. This home is for mentally and physically challenged children. We worked with the children and decorated rooms. This home houses 39 children from infants to teens. Our team accomplished a tremendous amount of work day after day, and we were so proud of their accomplishments.

Sanya, China

### September 2013

Myself along with two of our directors travelled to Cebu, Philippines. We had some connections there but this was another venture of faith. We were overcome by the needs as we saw many homeless children. Cebu is number one in the world for sex-trafficking. We were made aware that a lot of times the mothers are behind these hideous acts of exploiting their children.

Cebu, Philippines

We acted quickly and plans are in place to hold a city-wide women's conference next year October 2014, in Cebu. We want to educate and bring understanding to the women regarding the value of their children.

Cebu, Philippines

Secondly, we partnered with C.U.R.E foundation. This non-profit organization rescues young children ages 3-8 off the street and from pedophiles who prey on these young children. These rescues can be very dangerous. C.U.R.E is already establishing safe homes high in the mountains with house parents, to raise and educate these children.

Center of Peace  
Cambodia

## Upcoming Events

### March 2014

Presently, we are endeavoring to complete the medical clinic in the slums of Nairobi, Kenya. The work is moving ahead but we estimate that \$25,000usd is still needed to complete the project. This clinic will serve hundreds and possibly thousands of people who cannot pay for the high medical costs in Kenya. It will also house a birthing room for mothers. Volunteer doctors and nurses from local and abroad will be offering their services. In March 2014, we will be the honored guests at the grand opening along with distinguished guests like the Prime minister and his Deputy of Kenya.

### August 2014

Join a volunteer trip to Cambodia and Thailand! We are going to the Center of Peace orphanage in Cambodia to provide teen girls with training in hair design. And ultimately helping set up a hair salon for employing the girls. We will also be doing village work with the less fortunate. We'll then travel to the orphanage in northern Thailand Give Kids Hope. We will be involved with various projects, working hands on with the orphans. You don't have to be experienced to give a hug, but we can bring hope.

### October 2014

We will go to Cebu, Philippines to host the Woman/Daughter conference along with guest speakers from different parts of the world. We invite anyone interested in this trip to contact us, as you are more than welcome to join this incredible life-changing event. You will experience feeding the street children, visiting an orphanage plus helping with conference setup. Everyone is welcome!

We understand that everyone is not able to experience humanity in the different parts of the world that we can. But there is something you can do....every penny that is donated to these worthy causes, will go directly to the country. IHHS is operating entirely on a volunteer basis and we pay all our own expenses to travel abroad to provide an enormous amount of help to each of these areas of need. We deeply appreciate your generous help and support of the work we doing Globally. We are able to provide tax receipts in Canada and the USA for your contributions.

Thank you for considering IHHS as your choice for Charitable Donations this year!
